3D Artist with 5 years of experience creating high-quality, performance-optimized assets and environments for immersive entertainment and games. Contributed to projects including *The Wizard of Oz* at Sphere, the *World of Fallout Sizzle* and the *Samsung Galaxy Online Experience*.

WORK EXPERIENCE

Lecturer, Seoul Institute of the Arts, Seoul

March 2026 — Present

- Taught 50+ AFA and BFA students in 3D computer modeling and animation, delivering instruction in technical workflows and creative development using Maya, Substance 3D Painter, ZBrush, Unreal.
- Mentored and guided students through year-long capstone projects, supporting concept development, production, and final presentation.

3D Artist, Magnopus, Los Angeles

Jul 2023 — May 2025

- Built the 3D digital twin of *Sphere Las Vegas* for the *Wizard of Oz at Sphere*, creating architecture and lighting in Unreal Engine 5 to deliver a high-fidelity 3D environment.
- Co-led a 3D art team of 5+ artists in establishing the visual direction for a *SoFi Stadium*-based 3D environment for the *LA Olympics Experience Center's* cross-reality immersive experience.
- Optimized the 3D Vault environment from *Fallout Season One* for the *World of Fallout Sizzle*, a mobile- and web-based interactive experience, improving performance while preserving the artistic identity of the series and enhancing fan engagement.
- Produced performance-optimized assets, including realistic modern props and logistics sites, for client demos developed in collaboration with art direction and production teams for Amazon, Gap, United Airlines, etc.

3D Artist, Christian Moeller Studio, Los Angeles

Dec 2022 — Jun 2023

- Designed and 3D modeled large-scale (15-30ft) public art fiberglass/steel kinetic sculptures using Rhino, Maya, and Unreal Engine, collaborating with art direction to transform concept sketches into 3D.

3D Artist, Science Show, Seoul

Aug 2021 — Aug 2022

- Built game-ready assets for the cross-reality online learning platform MyCosmos Metaverse, optimizing props such as desks, chairs, easels, shelves, and books to under 5 MB each.

3D Artist, Does Interactive, Seoul

Jun 2021 — Jul 2021

- Produced realistic and stylized assets for *Samsung Galaxy Online Experience Zone* and *Bandai Virtual Shop*, including an orbital space station, Gundam pedestals, lamps, and Samsung Galaxy Z Flip.

3D Artist, Freelance, Seoul

Mar 2020 — May 2021

- Created 3D environments and animations for an indie game — exhibited in *Ars Electronica Festival 2021 Garden Seoul*.
