

DOYEON KIM, 3D Artist

Seoul, South Korea / +82(10)9779-6316 / doyeankim@gmail.com / [Portfolio](#)

3D Artist with 5 years of experience creating performance-optimized 3D environments and assets for playable ads, immersive experiences, and games. Focused on engaging people in virtual experiences with expertise in 3D modeling, ZBrush, Substance 3D, Unreal Engine, and mobile platforms. Recent work includes *The Wizard of Oz* at Sphere, the *World of Fallout Sizzle*, and the *Samsung Galaxy Online Experience Zone* — projects that immersed audience and drove user acquisition.

WORK EXPERIENCE

3D Artist, Magnopus, Los Angeles

Jul 2023 — May 2025

- Created browser- and mobile-based playable ads for the *World of Fallout Sizzle*, driving user acquisition and boosting interest in the *Fallout* TV series through rigorous asset optimization and consistent visual theming, leveraging advanced 3D modeling and Unreal Engine.
- Designed a new interactive onboarding space (*Welcome to OKO*) for *OKO*, Magnopus's proprietary cross-reality platform, using level design, 3D modeling, and optimization to drive user acquisition.
- Produced a web- and mobile-ready interactive virtual stadium for the *LA 2028 Experience Center*, contributing to the winning RFP bid delivered with Gensler.
- Built the 3D digital twin of *Sphere Las Vegas* for *The Wizard of Oz at Sphere*, creating architecture and lighting in Unreal Engine 5 for a high-fidelity 3D environment.

3D Artist, Christian Moeller Studio, Los Angeles

Dec 2022 — Jun 2023

- Designed and 3D modeled large-scale (15–30 ft) kinetic public-art sculptures in fiberglass and steel using Rhino, Maya, and Unreal Engine, translating concept sketches into fabrication-ready 3D models.

3D Artist, Science Show, Seoul

Aug 2021 — Aug 2022

- Built a browser-optimized educational metaverse space for *MyCosmos*, a learning platform, using 3D modeling, level design, and Unity to deliver game-ready environments and assets.

3D Artist, Does Interactive, Seoul

Jun 2021 — Jul 2021

- Created the *Samsung Galaxy Online Experience Zone*, a mobile virtual space for exploring new Samsung products, using 3D modeling and asset optimization to support user acquisition; also modeled assets for the *Bandai Virtual Shop*.

3D Artist, Freelance, Seoul

Mar 2020 — May 2021

- Created 3D environments and animations for an indie game — exhibited in *Ars Electronica Festival 2021 Garden Seoul*.
-

EDUCATION

Master of Fine Arts, University of California, Los Angeles

Sep 2022 — Jun 2024

Bachelor of Fine Arts, Korea National University of Arts, Seoul

Mar 2014 — Feb 2020

SKILLS

Unreal Engine 5, Unity, Maya, ZBrush, Substance 3D Painter, Substance 3D Designer, Marvelous Designer, Confluence, Jira, Marmoset, Adobe After Effects, Photoshop, workflow documentation, modular environment design, and optimization for performance

ACTIVITIES

Lecturer, Seoul Institute of the Arts, Seoul (Part-time)

March 2026 — Present

- Teach 30+ AFA and BFA students in 3D computer modeling and animation, delivering instruction in technical workflows and creative development using Maya, Substance 3D Painter, ZBrush, Unreal Engine, and AI.
- Mentor and guide students for creative projects including games and animation, supporting concept development, production, and final presentation.

Teaching Assistant, UCLA, LA

Sep 2022 — Jun 2024

- Delivered step-by-step demonstrations of Maya, ZBrush, and Substance 3D Painter workflows, supporting students' thesis projects.
- Provided individualized feedback to help 10+ students refine modeling quality and optimize for animation.
